S.C.P Containment Breach

👁 13 ✓ 0 ⭐ 1

Chapter 1 by Jack Frost

Today we are going into our first S.C.P containment.

Three of us were going into one of the most dangerous containment's.

"S.C.P 173 class type Euclid.S.C.P 173 is to be kept in container at all times.Two persons must have eye contact at all times until all personnel have evacuated, and relocked the container."

We walked in making sure that we kept eye contact with the monster.

It faced the wall so we couldn't get a good look at it's face.

When he was trying to close the door the circuits shorted out.

"Um....were having a little trouble closing the door.Please keep calm and don't panic."

We looked at each other, and tried to not break eye contact.

"Please...no...someone help...."Then everything went silent.

We looked at each other as the power went off.

I turned, and ran while i heard my friends screaming, and crying for help before their necks were snapped.
